Keep it Fresh....with Rich Underpainting & Vibrant Light:

In addition to sharing with you technical applications that Terri considers essential in creating rich, vibrant & fresh paintings...she will also address the philosophical aspect of realizing what you want to convey and remaining true to your initial inspiration. Terri will discuss and demonstrate underpainting variations that include monochromatic value, complementary color and local color underpainting. Terri will demonstrate layering of pastel and building up to luminous light using deep rich color. She will discuss the use of pure pigment and complementary color as opposed to "white lights", to convey light and mood. She will also emphasize keeping paintings fresh and avoiding the pitfalls of overworking. Terri will provide individual instruction at easels and conduct group critiques throughout the workshop. She is a knowledgeable and enthusiastic instructor.

Terri Ford's award winning pastel paintings have gained national and international recognition. In 2011 Terri was featured in The Artist's Magazine, Plein Air Magazine and the French magazine Pratique des Art. She is a Signature Member of the Pastel Society of America and is a member of the Masters Circle of the International Association of Pastel Societies. She has been awarded Distinguished Pastellist status by the Pastel Society of the West Coast and the Pastel Society of New Mexico. For more information visit her website at www.terrifordart.com.
